COMPLETE HISTOPATHOLOGY SOLUTIONS

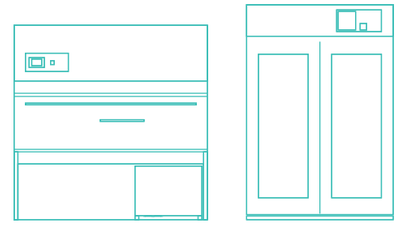

**ONE PARTNER.
COMPLETE WORKFLOW.**

FOR OVER 50 YEARS,
BIO-OPTICA HAS BEEN DEVELOPING
INNOVATIVE TECHNOLOGIES THAT SUPPORT
PATHOLOGY LABORATORIES THROUGHOUT
EVERY STAGE OF THE DIAGNOSTIC PROCESS.

COMPLETE HISTOPATHOLOGY SOLUTIONS

**ONE PARTNER.
COMPLETE WORKFLOW.**

MADE IN ITALY | **ISO 13485 CERTIFIED** | **IVDR COMPLIANT** | **TRUSTED WORLDWIDE**

Bio-Optica
50 YEARS ALONGSIDE PATHOLOGY PROFESSIONALS

EVERY DIAGNOSIS STARTS WITH A RELIABLE TECHNOLOGY.

THE COMPLETE HISTOPATHOLOGY WORKFLOW

RECEIVING

RECEIVING TECH
SPECIMEN RECEIVING STATION

- Safe handling of formalin-fixed specimens
- Downdraft and frontal fume extraction
- Large stainless-steel work surface
- Intuitive soft-touch control panel

GROSSING

TRIMMING TECH
GROSSING STATIONS

- Triple fume extraction system
- Durable stainless-steel construction
- Integrated formalin management
- Ergonomic working area
- Multiple sizes and configurations

EMBEDDING

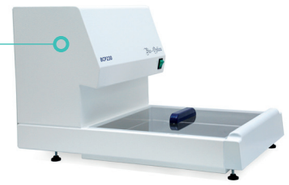

BEC150
EMBEDDING STATIONS

- Ergonomic embedding workstation
- Automatic paraffin dispensing
- Large heated working area
- Peltier cooling spot down to -3°C
- Intuitive touchscreen control

BCP170 / BCP230
COOLING PLATES

- Rapid paraffin block cooling
- Large refrigerated surface
- Working temperature -10°C/-20 °C
- Two capacities available
- Flexible modular configuration

STAINING

AUS240 PLUS
AUTOMATIC STAINER

- Fully programmable staining
- Continuous slide-rack loading
- Up to 10 racks
- Open and flexible system
- Integrated fume filtration

PROCESSING

B-PRO450
AUTOMATIC VACUUM TISSUE PROCESSOR

- Up to 450 cassettes per cycle
- Complete 15-tank system
- Certified B-PROtocols
- RFID reagent traceability
- Advanced safety and remote support

WB1770
WATER BATH

- Removable Pyrex basin
- Adjustable from +20°C to +70°C
- Illuminated working area
- Heated surface for 24 slides

SECTIONING

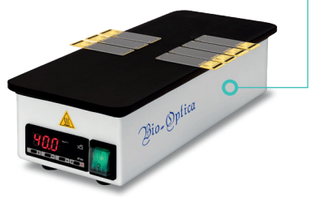

WB100
ROUND WATER BATH

- Compact round water bath
- Adjustable from +30°C to +80°C
- Wide heated surface

PC800
HOT PLATE

- Capacity up to 30 slides
- Anodized aluminium surface
- Adjustable up to 90°C

LAB SAFETY

SAFETY CABINETS
WITH EXTRACTOR SYSTEM

- Safe Safe specimen and chemical storage
- Integrated fume extraction
- Dedicated filtration system
- Adjustable storage shelves
- Central extraction connection available
